

About S.S. Hospital & Research Centre

For over **21 years**, S.S. Hospital & Research Centre has stood as a beacon of hope in the fight against cancer. With a state-of-the-art **80-bed facility**, we provide a full spectrum of **preventive, diagnostic, therapeutic, palliative, and supportive care**—all under one roof.

Our mission is centered on delivering **world-class treatment** that enhances survival rates and improves quality of life. We believe in not just curing illness but in caring for people—with **compassion, integrity, and a patient-first approach**.

Our Commitment to Care

- **Comprehensive Cancer Services:** From early detection to advanced treatments, we offer a complete care journey.
- **Ethical and Transparent Practices:** Every step, from admission to discharge, is designed to be clear, accountable, and patient-friendly.
- **Expert Medical Team:** Our doctors, nurses, and paramedical staff are trained in the latest global protocols and compassionate care.

Recognition & Accreditations

We are **the only hospital in the state accredited by the Drug Controller General of India (DCGI)** to conduct specialized clinical trials in oncology. Our empanelment with various **government and non-government organizations** further reflects our commitment to excellence.

Our Vision

To continue being a **trusted leader in cancer care**, constantly pushing boundaries through innovation, clinical research, and heartfelt service that restores hope and healing to countless lives.

Let S.S. Hospital & Research Centre be your partner in health, healing, and hope.
